

AgForests, a joint initiative of AgForce and Timber Queensland, and part of the AgForward Program bring you a free, fully catered for...

## **AgForests Field Day Workshop at Neil Cameron's property 'Kurrajong' at Millmerran.**

**Tuesday 4<sup>th</sup> of August  
8.30am – 4.00pm**

### **Selling & Thinning Native Timber on Freehold Land**

**Making the most from your coloured areas by using  
sustainable forest practices!**

\* Sam Ellis (AgForests) will discuss and demonstrate what landholders can do regarding timber harvesting and forest practice thinning in both 'coloured' (remnant) and white (non-remnant) country, and comply with the Vegetation Management Act and Native Forest Practice Code.

- \* Also covered:
- How to combine grazing and native forest timber production
  - Knowing more about timber markets and products
  - Understanding 'productive' and 'unproductive' trees
  - Protection of biodiversity, habitat, and ecological values.
  - Nationally accredited training day that can go towards the attainment of a Certificate IV in conservation and land Management.

*Neil Cameron with assistance from Agforests has used a chopper roller to mechanically thin cypress on his property at a cost of approximately \$50/ Hectare. The use of machine thinning of cypress under the code will be discussed and the site inspected.*

**Lunch, Morning and Afternoon Tea all provided  
BYO Hat/Raincoat and Chair**

**RSVP Required for Catering – 0427 694 771**

**For more information, phone Sam Ellis (0427 694 771) or [sam.ellis@agforests.com.au](mailto:sam.ellis@agforests.com.au)  
or Neil Cameron on (07) 46 680 248**

#### **Directions to the Property**

Head south from Cecil Plains on the Cecil Plains Millmerran Rd. Lockwood (also known as Von Peins) Rd is 20 km south of Cecil plains just south of Neds Corner. Task the lockwood Rd to the end (7km) and Kurrajong is on the right at the end of the lane. House is 1 km in from the road. For directions call Neil Cameron.
